## Heritage Project

Our Heritage Project is more than the conservation of our Parish Hall

Our Worlington Heritage Group was formed in May 2013 and has been instrumental in planning, managing and working on our Heritage Project.

One success was to be recognised by Heritage Lottery South West who provided a vital grant for the project. The Heritage Lottery Project has to be completed by 31<sup>st</sup> July 2017

Our Heritage Project has four main elements

- Conservation
- Research
- Learning
- Digital Outputs

We share information about our project through a number of ways:

On-line Magazine: <http://www.eastworlingtonparishhall.btck.co.uk/>

Facebook: <https://www.facebook.com/EastWorlingtonParishHall/>

Twitter: [@EWPHHeritage](https://twitter.com/EWPHHeritage)

Blog / Diary: <http://ewparishhall.blogspot.co.uk/>

Project Website (In development): <http://ewph.uk/>

## **What we aim to achieve:**

We will record and share our learning about our local heritage in paper-copy and digital formats, provide learning events e.g. talks and exhibitions, and conserve our Parish Hall for future generations to use and benefit from.

## **Here are some of the activities the group is working on:**

### **Research**

We are researching different aspects of our heritage and recording what we learn. We are researching the development of the local community and environment through investigations into dwellings, the local social and economic evolution, the relationship between the barn and the community / environment, the construction techniques used in the barn the change of use of the barn to a Parish Hall, local stories of interest, and information about other local community features e.g. the village water pump, local churches, local school, etc.

### **Learning**

Learning as we research, and sharing our learning with others is an important part of our project. Members of our Heritage Group are working with children at East Worlington Primary School to research the local area and create a tapestry map to show their learning. We will produce a Heritage information booklet, a village / parish trail, a website, displays and exhibitions, provide talks and information sessions, and run workshops.

### **Digital output**

Work has started to develop a website that provides information about the Parish Hall, our community and our heritage
