

East Worlington Parish Hall

NEWSLETTER MAY 2021

What has been happening during closure due to COVID 19?

The Parish Hall Committee held its AGM on 12th May and reviewed the year. While the Hall has remained closed for the year due to COVID 19 a number of achievements were highlighted.

We have:

- Maintained the strength of governance by retaining and continuing to recruit a multi-skilled board of Trustees / Management Committee who are dedicated to providing effective governance and management of the Parish Hall.
- Responded to COVID-19 to ensure the Hall meets legislative and safety requirements and remains well maintained well supported by Committee members and volunteers.
- Maintained effective administration and communication through the effective services of our Secretary, Maxine Difford.
- Upgraded the Parish Hall, Community and Heritage Website with the support and major contribution of a community volunteer, Martin Bond.
<https://ewph.uk/parish-hall/>
- Undertaken a Community Survey to inform our Strategic Business and Improvement Plan for the Hall. We held the survey during October 2020 and collected the views and ideas and needs and aspirations of our community. <https://ewph.uk/survey-2020/>
- Agreed the installation of internet / Wi-Fi and established a small project team who have made progress towards providing the facility at the Hall.
- Supported a virtual Community Hub by securing community email distribution and website information. This has offered a vital community communication asset especially during lockdown.
