

East Worlington Parish Hall

Statement of Vision

In 2011 the Parish Hall Trustees (Management Committee) discussed and established the vision for the Hall. The Trustees consider the role of the Parish Hall within the community it serves and while they cannot define the community's vision, they expressed a view at their vision for the community. It is within that context they established a vision statement for the Hall.

Our Vision for the Community the Parish Hall Serves

'Our Vision for our Community - We wish to live in a community that is vibrant and energised and keen to engage in community activities, support and development. We believe a successful community aims to achieve harmony recognises that conflicts do happen and manages these conflicts constructively and positively. We appreciate and value empowerment and understand the importance of responsibility as key factors in community growth and sustainability. Aspiration, vision, ambition and challenge are to be encouraged and community leadership is vital if these are to be realised and benefit the community. We believe the health and well-being are the basis of active, prosperous and happier lives, and we consider prosperity is not only linked to financial wealth but to appreciation of and care for our environment and community. We recognise and celebrate diversity and believe the wide range of talents and skills within our community enrich our living experiences.'

Our Vision for the Parish Hall

Our Vision for the Parish Hall is set within our vision we have for our community. We aim to maximise the opportunities offered by our Parish Hall to support our community vision. We believe our Parish Hall is a vital 'Community Hub' and is able to impact positively on the lives of people who live within the community. We believe our Parish Hall is a vital artefact of our local and Devonian heritage and must be conserved as a Heritage Learning Centre.
